6

FircoSoft
Filtering since 1994

Noteworthy

- User Management (FUM)
- RDBMS Environment
- Integration
- Features
- Watch Lists Specifics
- **Noteworthy**

-  **Network**
 - FMM RDBMS works in network
 - This implies some organizational prerequisites
 - 2 persons should not import the same list at the same time
-  **Right-click**
 - In FMM RDBMS, most of the actions of creation are performed by right-clicking on the view or window
-  **Refresh**
 - The blue arrow refreshes the main records view
 - The red arrow refreshes all the other tabs (Synonyms, Patches, Format Problems and Logs)
